

STEPS

TO A BEAUTIFUL POOL

High Impact Thermoplastic In-wall Swimming Pool Steps

IN-WALL SWIMMING POOL STEPS

Developed to combine strength and beauty.

The unique integral design of the WetSteps System offers a strong, advanced step design. The Bearing Beam/Leveling Support System has horizontal load bearing beams supported by individual leveling post. WetSteps High Impact Thermoplastic Stairs are molded from a solid sheet of coextruded Luran® S resulting in a strong surface that will never delaminate, splinter, corrode or puncture. The exclusive 8 ft. Roman End and Curved in-wall steps are equipped for Hydrotherapy Jets and their two-tiered seating is perfect for lounging.
